

Smart Compressor Kit Specifications

Specification	NSVAU HD Compressor
Voltage	13.8V
Rated power	350W
Max Amp Draw	25A
Max current	<30.0A
Max pressure	200psi
Working pressure	40psi
Motor Type	Permanent Magnetic Motor
Duty Cycle	33% @ 100 psi
Ingress Protection Rating	IP 67
Pressure switch	X
Air flow	$\geq 50\text{L/min@40psi}$
Noise	<86dB
Motor no-load speed	4700 $\pm$ 250RPM
Thermal protector	75°C ON / 105°C OFF
Duration	30min
Working environment	-35°C~85°C

Smart Compressor Kit Features

Compressor Kit	NSVAU HD Compressor
Compressor Unit	Included
Inflation Control ECU	Included
Vehicle Specific OEM Mounting Bracket	Included
Vehicle Specific OEM Wiring Harness	Included
LED User Interface	Included
Automatic Inflate and Deflate	Included
9.6m Air Hose and Accessories	Included
OEM Tested Genuine Part	Yes
